

Past the Larval Harvest

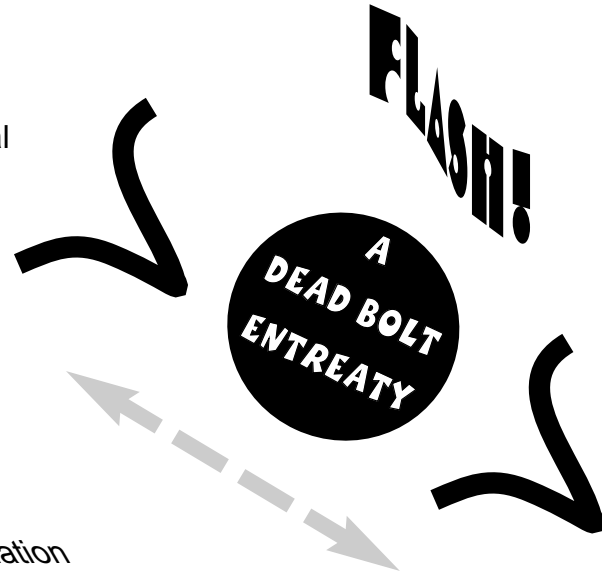

Electrode gauntlet, epidermal elementals
 thicken fixtures along decibel platelets
 crusting filial as dermal transfers quicken
 against transomed epithets turned nominal
 as a sickly gauntlet

 THE BARTER'S BITING CROSSWIND

whose flourish trails
 the evident displacement
 of wind chime stutters
 ringing the ramp songs

haunts the nodes, incremental
 as inessential platelets count the stream
 whereas

a vertical turn

thickly

appropriates the floating turn

past wind pockets
sealing the tainted entity
against a pectoral mosaic

SAVAGED

LARVAE SPROCKETS

among the rabid sky,
its tactile shredders moving
the heal \ nascent
shredder energy spending

THE BITING CROSSWIND'S BARTER

from ratio disclaimers
upending birth seizures
as a willing cognomen
whereas a sued rature
unfolds the band of a
revelatory kerchief in its
litigious erasure briefs,
which pass for thongs
